Scott –

Our conversations with Cullen were only in regard to the extent of the impact on that project in Janesville. As you'll recognize, two of these amendments are identical to the ones we introduced in committee. The additional amendment deals with the change from "shall" to "may". I have drafted these for both the Assembly and Senate versions of the bill; the Senate versions are attached.

Thanks Mark –

Can you please share the contents/drafting instructions of the amendments with me so we can get an idea of what you're looking at?

As we discussed when we spoke, my initial understanding was "modify but still comply" (or something like that) would satisfy Senator Lassa's concerns. You had told me that you thought the compliance requirements was beyond what you and Senator Lassa talked about, hence I took them out.

This is the first I have heard of Senator Cullen's involvement since he opposed the bill at the hearing. Most, if not all, of the concerns he raised at the hearing have been addressed. Kelley, can you share his remaining/new concerns?

Thanks

Scott

Scott and Rob –

I just spoke with Senator Lassa, and this email does not reflect her understanding of the conversation she had with Rep. Knilans yesterday afternoon. As I indicated in my conversation with Scott yesterday, our intention in our committee amendment was to remove the section on modifying and waiving conditions entirely. Maintaining the word "modifying" still gives WEDC too much latitude to relax requirements after credits have been transferred. We are working with Senator Cullen's office on amendments and will share them with you as soon as possible.

Hi Rob -

Wanted to give you a heads up....AB 376 is a special order in the Assembly tomorrow. It's companion bill, SB 291 is in JFC.

This afternoon, Rep. Knilans and Sen. Lassa reached an agreement on an amendment that will allow Sen. Lassa to support the bill being taken up by the Senate Thursday. The amendment (in the Senate anyway) is actually 2 amendments. SA3 (presumably) to SSA1 and SA1 to SA1 to SSA1. (Mark- We needed to take a "waive" out of SA1 to SSA1, hence the second amendment).

Just wanted to give you the heads up. Companions are being drafted in the Assembly so that the bills when they arrive at the proper house are identical.

Of course, we haven't seen the amendments yet, but I will share with you, Mark, when I see them in the morning to make sure they meet Sen. Lassa's approval.

Scott
